PAINTING COMPETITION
FOR THE CALENDAR 2023

COLOURS OF THE EARTH

DEADLINE
31.05.2022

The beauty of the earth in its breathtaking blaze of colours offers a variety of motifs: Whether orange glowing deserts, the bright red protruding Uluru Rock, the Canadian Indian Summer, or the ocean with its numerous shades of blue. Plants in their varied colours and habitats, but also bright spices, colourful traditional costumes, and the deep, dark, starry night, they all stand for the colours of the Earth. And there is so much more. Every country, every region has an immense wealth of colours. *Show us your colours of the earth!*
