

# Photo Gloss Baryta X 320

320 gsm, 100% Alpha-Cellulose, bright white, high-gloss

## Product Description

Hahnemühle Photo Gloss Baryta X is a smooth, bright white inkjet paper made from 100% alpha-cellulose. Its high-gloss baryta coating offers a classic photographic look, reminiscent of traditional silver halide prints. Designed for photo and poster applications, the paper delivers consistent, very good print quality to ensure the best results in everyday use.

## Applications

Daily printing, photo & poster prints.
